Printing systems and software

The Weidmüller labelling systems are the quick and efficient way of producing markers for connectors, wires, cables and devices, plus labels for general use. The **M-Print® PRO** software enables users to mark electrical equipment quickly and simply. For professional and fast design, printing and ordering of your marking requirements. Borders, barcodes, graphics or photos can all be easily integrated. The multitude of data conversion routines presents you with fast and flexible options for data integration. And the Weidmüller printers **SMark-Laser**, **PrintJet II**, **MCP Plus**, **MC-Mobilo** and **ThermoMark** are ready to meet all your printing needs.

The unique printing speed of the **SMark-Laser** makes it a real winner. The **PrintJet II** is the reference model in industrial marking for high-resolution printing and maximum wipe and scratch resistance. The **MCP Plus** plotter provides you with good flexibility because with its positioning frame it can handle more than 120 different types of marker in the MultiCard format. The **MC-Mobilo** is the ideal printer for labelling on site without a PC and a mains power supply, directly during installation work. And the **ThermoMark** is the perfect system for producing labels in outstanding quality.

SMark-Laser

The **SMark-Laser** is a laser printer for printing on markers in the MultiCard format. The fast production of large numbers of individually printed markers is the special feature of this printer. The automatic feed function of the **SMark-Laser** increases productivity even further and ensures that your markers are available without delay.

- Fast printing speed, 4 MultiCards per minute
- Markers can be used immediately
- Fast operation irrespective of the file size
- Good flexibility thanks to production of markers in MultiCard format to meet users' requirements
- Reduces stocks because only blank markers are required
- Printing of graphics and logos as well
- Optional automatic feed for large quantities
- Can be used together with the Weidmüller **M-Print® PRO** software

Technical data

Type	SMark-Laser
Application	Prints all MultiCards
Technology	Laser printer
Printing speed	4 MultiCards per minute
Print quality	600 dpi
Printer drivers	WIN3.x, 9x, NT, HP III compatible
Software	M-Print settings, commercially-available standard software
System requirements	Windows 98/NT/2000/XP
Feed	Manual or with optional loader
Interfaces	Centronics optional, Apple Talk
Power supply	AC 230 V / 50 Hz / 16 A
Ambient conditions	20 °C – 35 °C
Dimensions: (L x W x H)	1000 x 430 x 380 mm
Scope of supply	Laser printer, power cable, printer drivers, manual, interface cable, M-Print® PRO software

Ordering data

SMark-Laser

Type	Order No.
SMark-Laser	1767090000
Rack	1782880000
Special toner cartridge	1770070000

Inkjet printer

PrintJet II

Individual equipment labels and markers are conveniently and quickly produced with Weidmüller's **PrintJet II** inkjet printer. The PrintJet II produces brilliant, permanently legible markers in the MultiCard format for switchgear, automatic devices, modular terminals, cables, wires or valves. The Weidmüller PrintJet II places industry's reference inkjet printer at your disposal. Maximum wipe and scratch resistance, UV stability and a high print resolution for all MultiCard markers provide you with reliable, permanent labelling.

The PrintJet II permits the printing of very fine fonts, graphics, logos and illustrations. Even the very smallest of characters are clearly legible and this permits even more information to be included on markers. Damaged plotter nibs and long ink drying times are now a thing of the past.

- High-resolution printing
- High-contrast printing
- Highly resistant marking to replace engraving
- Permanently legible marking
- Fast and easy to use
- Prints on all MultiCards
- Also prints logos and graphics
- The feeding device can be loaded with up to 20 MultiCards

Technical data

PrintJet II	
Type	PrintJet II
Application	Prints MultiCard markers
Technology	Inkjet process
Print quality	2880 dpi
Printer drivers	Win 9X, Win NT, Windows 2000
Print software	Recommended: M-Print® PRO
System requirements	Windows 98/NT/2000/XP
Feed	Manual or with optional loader
Fusing	Thermal fusing
Interface	Centronics and USB
Power supply	230/115 V AC
Location	Office conditions
Ambient temperature	10 °C – 35 °C
Dimensions (L x W x H)	800 x 450 x 200 mm
Cartridge system	Ink cartridge, black (210 000 characters, Arial font size 6); average printing output per day: 20 MultiCards; max. printing output per day: 100 MultiCards
Scope of supply	PrintJet printer, power cable, printer drivers, manuals (CD), cleaning unit, centronics cable, M-Print® PRO software

PrintJet Loader	
System requirements	PrintJet printer
Marker types	MultiCard format
Operating voltage	12 V/DC
Current input	approx. 1 A
Interface	Connection via plug-in connector
Location	Office conditions
Ambient temperature	10 °C – 35 °C
Dimensions (L x W x H)	345 x 305 x 155 mm
Weight	4 kg

MCP Plus

Plotter complements the Weidmüller MultiCard concept. It is suitable for smaller quantities of markers and when only part of a MultiCard is to be printed on. The special positioning frame for five MultiCards increases productivity by 20 % over comparable systems. With the positioning frame for SlimFix markers sizes 4 to 6, printing on more than 120 MultiCard types for terminals, cables, wires and equipment is possible. Labels are printed with the MCP-Label positioning frame. Suitable for use with the Weidmüller **M-Print® PRO** software.

- 2 positioning frames for more than 120 MultiCard types
- MultiCards easily fitted into the frame
- Easy to use with partly used MultiCards
- Automatic pen activation function
- Safe storage of the plotter pens

MC Mobilo

The MC-Mobilo allows users to work directly at place. There is no need for a PC and no need for a power supply so electrical equipment can be labelled anywhere, anytime. The rechargeable battery provides power for up to 3 hours. The universal inlay enables up to 120 different marker types of the MultiCard range to be processed. The MC-Mobilo is supplied with the MC configurations, rechargeable battery, charger and universal inlay in a sturdy, convenient carry case.

Thermal transfer printer

THM

The **ThermoMark** is a printing system based on thermal transfer technology and is intended for industrial labelling requirements. A robust metal housing protects the printer against dust and dirt. The printer provides high-quality output and is suitable for printing on different materials. This user-friendly system functions with the Weidmüller **M-Print® PRO** software.

- Printer for producing texts, graphics and barcodes
- Automatic positioning of labels in the printer for perfectly centred printing on every label
- Robust printing thanks to the HiRes ribbon
- Functions with the Weidmüller **M-Print® PRO** software

Technical data

Type	THM Pro printer
Application	printing of labels
Technology	thermal transfer
Printing speed	80 mm/s
Printing quality	204 dpi

M-Print® PRO Label Designer

Print and ordering software for markers and labels

M-Print® PRO is a professional software for printing and ordering Weidmüller markers and labels under Windows®. This software helps you to optimise your processes for marking electrical equipment. You can design, print and order your marking materials effortlessly, professionally and quickly: texts, frames, lines, graphics, barcodes, serial numbers and photos.

Technical data

Here is an overview of the main functions

Integrated product catalogue for all labels and markers, including images and links to the relevant web pages and product data sheets
 Markers and labels can be designed in as many levels as required
 Custom formatting of individual text characters (RTF)
 Perform copy-and-paste functions with texts and their formats
 Supports UNICODE for foreign-language texts, such as Russian, Chinese, Polish, etc.
 Enter data on labels or worksheet
 Permanent print preview: see how the printout will look during the design phase
 Alphanumeric counts and sequences
 Extensive range of image formats (*.bmp, *.wmf, *.png, *.ico, *.jpeg, *.tif, *.gif)
 Image library including all the important symbols used in electrical engineering
 Assign product to specific printer; for example, ESG 9/20 to PrintJet, LaserMark to laser printer, etc.
 Output devices supported: PrintJet I+II, SMark-Laser, ThermoCard, THM as well as standard printers with Windows drivers
 Optimum and rapid adjustment of the output devices
 Online update service via the Internet
 Interface to RailDesigner®
 Import assistant to create your own import filter for numerous file formats (*.txt, *.asc, *.mak, *.wei, *.tmf, etc.)
 Imports data from CAE systems

Operating systems supported

WINDOWS® 98 SE, ME, NT, 2000, XP, Server 2003

System requirements

• RAM	> 64 MB
• Processor	> Pentium PIII or comparable model
• Graphics	> 800 x 600 pixels with 256 colours optimum: 1024 x 768 with 16-bit High Colour
• Hard drive	> 90 MB free storage
• Miscellaneous	mouse, keyboard, CD-ROM drive (to install the software)

M-Print® PRO is available in two editions:

M-Print® PRO Standard Edition for professional printing results with all of Weidmüller's marking materials

M-Print® PRO Advanced Edition for professional printing results with all of Weidmüller's marking materials plus labels to customer specification
